Rhapsodaisy Educator Professional Development Program

Bringing the Joy of Music into Early Learning

The Rhapsodaisy Educator Professional Development Program empowers early childhood educators to confidently deliver the Rhapsodaisy music program within their own centres.

This dynamic, face-to-face training is designed to enhance your daily routines through music, movement, and meaningful connection.

Workshops are held on site at your centre or can be coordinated as a joint session with other services. Best of all, the **program is eligible for funding through Kindy Uplift.**

Testimonial

Music brings children safety, fun, love and belonging - vital tools that will assist them for their whole life.

I simply can not imagine a childhood without music - it soothed me, challenged me and filled my soul.

I wholeheartedly support Annie & Wendy and their wonderful **Rhapsodaisy book.**

Rhapsodaisy Educator Training program

A Rhapsodaisy Teacher comes into your centre and coaches the educators through observation, participation, discussion and inspiration.

This Program trains educators to engage more fully with their students using music eg run a music class, or incorporate more music into the day with varying activities including Kodaly based songs and games.

Workshop participants will be provided with:

- Access to **Rhapsodaisy Teaching Manual** which includes modules about each song
 - Rhapsodaisy Song Sheets
 - Lyrics sheets
 - Beat Sheets
 - Rhythm Sheets
 - How to teach
- 17 audio tracks
- **Song sheets** - visual cue cards for each song
- **Rhapsodaisy lesson plan** sheets to be adjusted to fit your setting.
- **Certificate of participation** for the number of hours of continuing professional development.
